

### **On Street Parking Requests**

For public safety and snow removal purposes, Mt. Pleasant Township has adopted ordinances that restrict or prohibit on street parking on all township-controlled roadways. In certain areas on street parking may be allowed with approval from the police department. Residents should call the police department, preferably 24 hours in advance, at **724-365-7917 ext. 812** to request on street parking. If no one is in the office, please leave a message and an officer will call you back as soon as possible. Such requests are approved or denied on a case by case basis depending on other requests, weather conditions etc. It should be noted that no parking will be permitted in any cul-de-sacs located on township roads.
